

## Features

- Scooter can be easily **disassembled into 5 pieces** for transport or storage.
- 9 mile maximum range with **standard 12AH batteries**. Range can be increased to 15 miles with **optional 21AH batteries**.
- Every unit comes standard with three sets of **replaceable color panels** allowing the user to quickly and easily switch the scooter from Metallic Red to Midnight Blue to Silver.
- Black solid, non-marking, **flat-free tires** for worry-free travel.
- Wrap-around **delta handles** make driving easy, even for those with limited dexterity.
- **Adjustable angle tiller** allows the client to position the controller into the most ideal driving position.
- **Backlit battery gauge** makes it even easier to read.
- Seat features 180 degree swivel and fold-down backrest.
- Stylish **two-tone seat upholstery**.
- Removable **flip-up armrests** have adjustable height, width and angle for a broad range of adjustments. These can easily be changed and adjusted to fit the needs of the client.
- **Armrest reflectors** make the scooter more visible when traveling in low light conditions.
- **Anti-tip wheels** for greater safety.
- Seat back folds completely flat, which comes in handy when transporting or storing the scooter.
- Standard **plastic front basket** includes removable liner bag.

## Quick & Easy Disassembly

Take your Spitfire EX Travel Scooter anywhere you want to go with its simple **disassembly feature**. Just remove the seat, front basket and battery pack, then pull up on the quick release handle located behind the seat post, and the scooter's body separates into two sections.-- perfect for loading in your car, truck or van. The sections even have built-in carrying handles!
