

EasyTravel Scooter **Lite**[®]

Advanced Technologies That Move You

Folding effortlessly in seconds, the Lite is designed to fit easily in just about anywhere: a small closet, tight elevators, narrow storage places and, of course, the trunk of your car.

EasyTravel Lite[®]

Go anywhere with confidence! The Lite, 4 wheel scooter is designed to carry you quickly and safely around the house, in office buildings, on the street and around your neighborhood. Take the Lite with you on car or airplane trips and be up and running as soon as you get there. Fold and store for the night, it will be ready when you are the next morning. Slide the Lite into the back of a van with the least lifting effort and put it back together in no time. There are no connectors, latches or mechanisms to open when folding or unfolding. It is that easy!
